

Video requirements

- needs to be 1-1,5 mins
- should be horizontal, not vertical
- should be shot in well-lit, quiet environment, but at least we need to hear your voice clearly (if possible, use a microphone)
- put some pictures and videos of yourself in it, to make it nicer and more interesting
- thank the viewer for watching your video
- smile a lot

Here's also an instructional video, you can get some inspiration from it:

What to do and not to do in the video (this is a funny one):

Don't forget that we will watch this video and if it doesn't meet the requirements, we will have to reject it. Also note that you are making this video for the camp directors, this is the first thing they check out and if your video is not good enough, they won't take the time to read through the rest of your amazing application! :)
